

New Source Review newspaper advertisements for construction permit applications, July 28, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: July 26, 2016, July 27, 2016, or July 28, 2016. Public notices are generally published every week. The previous publication of public notices was July 21, 2016.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Eastern Plating, LLC with a mailing address of 371 Chemwood Drive, Newport, TN 37821. They seek to obtain an air contaminant permit (Division identification number: 15-0075-04/71678) for the construction of a plastisol coating bake-off oven operation located at 371 Chemwood Drive, Newport, TN 37821. This proposed operation would consist of 7.33'x13'x9.5' natural gas-fired oven used to remove plastisol from brass plating racks. A direct flame afterburner will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Cocke County "Newport Plain Talk"-- publish once on Thursday, July 28, 2016.

The applicant is George A. Dickel & Company with a mailing address of P.O. Box 490, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 16-0009-30/71821) for an Emergency Fire Pump located at 1950 Cascade Hollow Road, Tullahoma, TN 37388. This existing operation consists of a diesel fuel-fired engine and associated equipment used as an emergency fire pump. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Coffee County "Tullahoma News"-- publish once on Wednesday, July 27, 2016.

The applicant is Dyer County Animal Hospital with a mailing address of 410 Highway 51 Bypass W., Dyersburg, TN 38024. They seek to obtain an air contaminant permit (Division identification number: 23-0127-01/971644I) for construction of an animal crematory operation located at the same address (410 Highway 51 Bypass W., Dyersburg, TN 38024). This proposed operation would consist of a crematory and associated equipment used to incinerate animal remains. Natural gas would be used for fuel. There would be physical construction and regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Dyer County "State Gazette"-- publish once on Thursday, July 28, 2016.

The applicant is Sequatchie Concrete Service, Inc. with a mailing address of P. O. Box 11869, Knoxville, Tennessee 37939. They seek to obtain air contaminant permit(s) (Division identification number(s): 26-0081-01/971666P) for installation of a Metso HP 200 Cone Crusher. The facility is located on 15878 Sewanee Hwy, Sewanee, TN 37375. The requested operation is for the approval to emit regulated air pollutants. Mr. Jim A. Attar is the assigned Division person.

For the Marion County "Jasper Journal"-- publish once on Tuesday, July 26, 2016.

The applicant is The Andersons, Inc. with a mailing address of P.O. Box 119, Maumee, OH 43537. They seek to obtain an air contaminant permit (Division identification number: 27-0254-00 / 71824) for modification of a Grain Elevator located at 43 Fruitland Road, Humboldt, TN 38343. This operation consists of storage silos, grain dryer, grain receiving/loading facilities, and associated equipment used to store, process, and distribute grain. The requested modification is to increase grain throughput. A baghouse is used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Gibson County "Milan Mirror-Exchange"-- publish once on Tuesday, July 26, 2016.

The applicant is City of Saltillo dba Saltillo Fire Department with a mailing address of 160 Oak Avenue, Saltillo, TN 38370. They seek to obtain an air contaminant permit (Division identification number: 36-0131-01/71812) for their emergency generator engine located at the same address. This existing emergency generator engine is diesel fired with 158 HP rating. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person

For the Hardin County "Courier"--publish once on Thursday, July 28, 2016.

The applicant is Town of Statonville dba Statonville Fire Department with a mailing address of 127 Michie Pebble Road, Stantonville, TN 38379. They seek to obtain an air contaminant permit (Division identification number: 55-0184-01/71813) for their emergency generator engine located at the same address. This existing emergency generator engine is diesel fired with 158 HP rating. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person

For the McNairy County "Independent-Appeal"-- publish once on Wednesday, July 27, 2016.

The applicant is Cardin Forest Products, LLC with a mailing address of P.O. Box 356, South Pittsburg, TN 37380. The facility seeks to obtain an air contaminant permit (58-0134-02/971800) for an existing hardwood sawmill operation located at 2534 Battle Creek Road, South Pittsburg, TN 37380. The existing operation consists of the following sources: one (1)hardwood log receiving and storage, one (1) debarker, one (1) sawmill, and eight (8) drying kilns. Due to the amount of emissions from the source(s), pollution control is not required. There will not be any physical construction. Regulated air contaminants are emitted by the source(s). Tawanna F. Reid is the assigned Division person.

For the Marion County "Jasper Journal"-- publish once on Tuesday, July 26, 2016.

The applicant is Smelter Service Corp. with a mailing address of P.O. Box 432, Mt. Pleasant, TN 38474. They seek to obtain an air contaminant permit (Division identification number: 60-0110/71810) for the modification of an aluminum melting furnace located at 400 Arrow Mines Road, Mt. Pleasant, TN 38474. This existing operation consists of a natural gas-fired rotary furnace and associated equipment used to recover aluminum from recycled materials. The requested modification is to increase the burner's heat capacity and to increase the process weight rate. A baghouse is used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Maury County "Daily Herald"-- publish once on Thursday, July 28, 2016.

The applicant is Town of Tellico Plains with a mailing address of 405 Veterans Memorial Drive, Tellico Plains, TN 37385. They seek to obtain an air contaminant permit (Division identification number: 62-0195-01/970947P) for an 80 hp diesel powered emergency generator engine located at Bank Street, Tellico Plains, TN 37385. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Monroe County "Advocate & Democrat"-- publish once on Wednesday, July 27, 2016.

The applicant is Austin Peay State University with a mailing address of 601 College Street, P.O.Box 4696, Clarksville, TN 37044. They seek to obtain air contaminant permits (Division identification number: 63-0145-11, & 12/71773 & 71774) for their two (2) backup emergency generator engines located at the same address. These existing emergency generator engines are natural gas and diesel fired with rating of at 22.5 HP and 80 HP respectively. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person

For the Montgomery County "Leaf-Chronicle"-- publish once on Thursday, July 28, 2016.

The applicant is Nissan North America, Inc. with a mailing address of 983 Nissan Drive, Smyrna, TN 37167. They seek to obtain an air contaminant permit (Division identification number: 75-0155-66/71751) for modification of a Surface Coating Operation located at the same address. This existing operation consists of spray booths, ovens, and associated equipment used to coat automobiles with primer. Thermal oxidizer and downdraft water wash are used for pollution control. The requested modification is to combine three annual volatile organic compound (VOC) limits into one annual VOC limit. There would be no physical construction. Regulated air contaminants emitted by this source would stay the same. Mr. M. Reynolds is the assigned Division person.
